Intermediate Active Transportation Corridor Feasibility Study

Interested Parties Study Briefing - December 11, 2013

Reunión informativa para personas interesadas - 11 de diciembre de 2013

Improving Connections and Transportation Options in South Los Angeles

Mejorando las Conexiones y Opciones de Transporte en el Sur de Los Ángeles

The Rail to River Feasibility Study is currently underway. Join us for a Study Briefing.

Metro is leading the feasibility study for a non-motorized transportation corridor along the Metro owned Harbor Subdivision Right-of-way. The study would identify alternatives for an active transportation corridor in South Los Angeles. The corridor could provide safe dedicated walking and cycling transportation options to promote healthy neighborhoods and linkages between local communities, schools, shopping, employment centers, transit hubs and other key destinations.

The purpose of the Study Briefing is to provide an update on the feasibility study and next steps. We welcome your participation as we review the study goals and objectives and explore the corridor opportunities and constraints.

Estudio de Viabilidad de la Carrilera al Río está actualmente en marcha. Unase a nosotros para una reunión informativa.

Metro está liderando el estudio de viabilidad para un corredor de transporte no motorizado a lo largo del Derecho a la Vía de la Subdivisión Harbor, propiedad de Metro. El estudio permitiría identificar alternativas para un corredor de transporte activo en el sur de Los Angeles. El corredor podría proporcionar opciones dedicadas a transporte a pie y en bicicleta, las cuales sean seguras y promuevan vecindarios saludables y conexiones entre las comunidades locales, escuelas, tiendas, centros de empleo, centros de tránsito y otros destinos claves.

El propósito de la reunión informativa es proporcionar una actualización sobre el estudio de viabilidad y próximos pasos. Le agradecemos su participación para repasar los objetivos del estudio y explorar las oportunidades y limitaciones del corredor.
