

# Make Sure Your Child is **READY** for School

## HEAD START can help!

Head Start and Early Head Start programs serve low-income children and their families, from birth to age five. And they're free! The programs offer early childhood education and social services that help kids get ready for success in school. Head Start also provides services to families and children who are homeless, in foster care and children with disabilities.

For the Head Start Program near you,
