RE: White House Library Challenge Commitment Statement

Dear Ms. Benton:

Count us in! We are committed to working together as part of the White House Library Card Challenge to ensure that every K-12 student in the County of Los Angeles has a library card and knows how to use it to access the learning resources available at their public libraries.

We look forward to strengthening our partnership to widen access to essential learning resources, begin to close achievement gaps, and build a foundation for sustained collaboration to improve education outcomes for all students in our community.

Sincerely,

Hilda Solis
Chair, Los Angeles County Board of Supervisors
